

# Team up & invent NEW solutions for local businesses.

[Check out the Challenges!](#)

## The BizSmart Challenge

Get your BizSmarts on and help a cool business like **Impossible Foods**, a small high-tech start-up, a local bakery, clothing store, eatery, family construction company or young idea makers with terrific new inventions! Team up and get creative to help real entrepreneurs grow and thrive by adding new streams of income, add customer value, and design new products that can change the world! Do you have the ZEST, OPTIMISM & GRIT to accept the BizSmart Challenge and help your community and businesses make The Big Comeback?

### BizSmart RENDERBOARD

Work with a BizSmart Designer to create beautiful renderings of your team's idea! Team CV9 invented a solution called TAPLEX: a safer way for guests to dine in restaurants during COVID-19.

## Upcoming Sustainability Challenges

**IMPOSSIBLE**  
FUTURE CHALLENGE

Design a completely new and unimagined dine in or take out plant-based menu item to effectively compete with the same animal or fish-based item.

**TOMS**  
FUTURE CHALLENGE

Design a unique, comfortable, durable, and cool looking athletic shoe for teens to promote causes around the world that teens care about.

**good, natured**  
better everyday products  
FUTURE CHALLENGE

Design a brand new, attractive, affordable, convenient, and effective carry out package for the fast food industry that is 100% compostable.
